STAFF RECOMMENDATION

Approve the rezoning from multi-family residence, neighborhood plan combining area (MF-3-NP) to family residence, neighborhood plan combining district (SF-3-NP)

BACKGROUND

The Old West Austin Neighborhood Plan approved by the City of Austin City Council on included a recommendation and action item to allow and support the down-zoning of all single family use properties from Multi-family zoning districts to Single-Family district.

The plan provided that the property owners should initiate these rezoning. The Old West Austin Neighborhood Association canvassed the Neighborhood Plan Area resulting in several requests by property owners to down zone their individual properties.

The Old West Austin Neighborhood Plan states under Goal 2(Protect the character of the Neighborhood) Objective 2.2 (Protect current pattern of single-family uses in neighborhood, Action Item 6:

If requested by the property owner, allow voluntary zoning rollback on multi-family zoning (on land that currently has single-family uses), by providing a no-cost zoning rollback. The neighborhood has approximately 340 parcels in single-family use with multi-family zoning. This zoning presents a threat to continued single-family uses,

BASIS FOR RECOMMENDATION

The proposed zoning should be consistent with the purpose statement of the district sought:

This property although zoned multi-family is currently developed and uses as a single-family district use.

Zoning should not constitute a grant of special privilege to an individual owner; Granting of the request should result in an equal treatment of similarly situated properties

The Old West Austin Homeowners Association for the purpose of seeking support and involvement in the proposed down zoning canvassed the neighborhood. Many property owners within the plan area having a similar situations and are seeking the same SF-3-NP zoning district for their properties

The proposed zoning should be consistent with the goals and objectives of the City Council.

The Old West Austin Neighborhood Plan, approved in 2000 had a specific goal and action item addressing consistency with current use and zoning. This request along with many others within the planning area has similar circumstances. The proposed downzoning is consistent with the Neighborhood Plan Goal #2, Objective 2.2., Action Item 6.

The rezoning should be consistent with the policies and principles adopted by the City Council or Planning Commission

The City of Austin City Council approved the Old West Austin Neighborhood Plan in which goals and action items addressed support for this request.

Zoning should be consistent with approved and existing residential densities.

The current use of this property is consistent with those permitted in the SF-3-NP district. SF-3-NP district along with the Small Lot Amnesty provision within the plan will allow for secondary units on lots having SF-3-NP zoning.

Rezoning should not contribute to the over zoning of the area.

The proposed zoning seeks to maintain the current mix of both single family, single family with secondary units, and multi-family uses within the Old West Austin Neighborhood Plan area.

Zoning changes should promote a balance of intensities and densities.

The proposed zoning request will contribute to the ability to support a mix of residential uses within the Neighborhood Plan Area.
